GOVERNMENT OF ANDHRA PRADESH
ABSTRACT

Industries & Commerce - Scheme for Development of 175 Micro, Small, and Medium Enterprises (MSMEs) Industrial Parks /Flatted Factory Complexes in the State (One MSME Park in every Assembly Constituency) under One Family One Entrepreneur initiative of GoAP – Orders – Issued.

INDUSTRIES & COMMERCE (INFRA) DEPARTMENT

G.O.Ms.No.91 Dated: 08.06.2025

Read the following:

ORDER:

The Government of Andhra Pradesh (GoAP) prioritizes the development of Micro, Small, and Medium Enterprises (MSMEs) as a key driver of economic growth. Recognized as the largest employment providers after agriculture, MSMEs play a vital role in fostering entrepreneurship, generating livelihoods, and enhancing industrial competitiveness. MSMEs are growing exponentially in the State. Recognizing the importance of the MSME sector, the Government of Andhra Pradesh, besides supporting through many interventions, has established specialized entities (AP-MSME-DC, APTPC, AP MSME Facilitation Councils, etc) dedicated to the sector's overall development and delivering associated services and also released the Private Industrial Parks Policy (4.0) for 2024-29, besides various policy interventions, which aims to provide 'Plug and Play' Industrial Infrastructure to industrial parks including MSME parks, by setting up Nano parks (5-10 acres), MSME parks (20-100 acres) and large and mega parks (more than 100 acres) in PPP mode.

2. In alignment with the vision of One Family One Entrepreneur, the Government has decided to develop 175 MSME Parks or Flatted Factory Complexes (FFCs) in the State, as applicable, @ one park in each assembly constituency, to be completed in next 36 months. Each MSME Park will be developed in an average area of about 50 acres, depending on the area available in the assembly constituency. In order to achieve the target of allotting the plots to the eligible MSME units in next 9-12 months, it is planned that the infrastructure in these MSME parks will be developed initially in 20 acres of lands of the Parks, so that the MSME units will be able to ground their project, by the time, remaining area of the parks are further developed. Similarly, each Flatted Factory Complex will have about 50,000 sq.ft of constructed ‘plug and play’ infrastructure to enable the Micro Enterprises to start the operations immediately.

3. It is envisaged that out of the total 175 projects, 100 projects will be developed by nodal agencies - APIIC (in case of MSME park and FFC) and

MSME corporation (in case of Common Facilitation Centers) - with funding support from GoI schemes, GoAP budgetary allocation and APIIC's own funds; another 75 projects will be developed involving Private Park Developers depending on the feasible locations. The District Collectors, in consultation with concerned MLAs, are instructed to conduct a comprehensive exercise in all assembly constituencies, to identify feasible land parcels for park development including lands belonging to APFPS, TIDCO Housing Colony lands, etc. Urban and semi-urban areas have been identified for developing Flatted Factory Complexes (FFCs) with ready plug-and-play infrastructure for MSMEs. Thus, the scheme is universal w.r.t benefits of the scheme, accruing to all the assembly constituencies of the State, thereby, reaching all parts of the State, including backward and tribal areas of the State. Further, these MSME parks / FFCs are going to be organically linked to the proposed intervention of Ratan Tata Innovation Hubs (RTIH), thereby creating an opportunities for the MSME units located across the State, for mentoring, capacity expansion, technology upgradation, product perfection, credit facilitation through private equities, etc. After occupation of all the plots and spaces in these 175 parks and FFCs, these 175 projects are expected to provide opportunities for more than 15,000 MSMEs, generating approximately 2 lakh employment.

4. Accordingly, 50 projects (in an extent of 1,455.66 acres) - inauguration of 11 MSME Parks/FFCs in 11 constituencies and foundation of 39 MSME Parks /FFCs in 39 constituencies - have been inaugurated / foundation-laid by the Hon'ble Chief Minister on 1.5.2025, under Phase-1 of the Scheme {the details are annexed at Annexure-1 and 2}. Out of 592.37 Cr of the project cost, 414.66 Cr has been leveraged from GoI Schemes such as MSE-CDP and remaining 177.71 Cr will be supported by the State Government. Further, lands to an extent of 1,690 acres for the Phase-2 of the scheme in further 50 constituencies has been identified by the APIIC and same is given at Annexure-3. The tentative project cost has been arrived at 451.9 Cr. In remaining 75 Constituencies, efforts will be made to develop the Parks on PPP mode. Tentative land acquisition to acquire the lands is more than 500 Cr and this has to be met by APIIC, out of the sale proceeds of the MSME Plots and Spaces in FFCs created under the Scheme.

5. Financial Support for development of Internal Infrastructure and External Infrastructure for 175 projects: The identified lands of these 175 projects should have decent access road from the nearest State or National Highway. Further, the power connectivity to the proposed locations are very important. As on date, it has been arrived that out of this 175 projects, there are 77 such park locations, where development of external infrastructure such as approach road, power sub-stations (33/11 kv) and water supply lines are essential, as per the evaluation of the sites completed till date. It is estimated that external infrastructure development

to these 77 projects would amount to ~ INR 335 Cr and the same is given below and the details are given at Annexure-4.

	Projects identified	**Road length (km)**	**Power line (km)**	**Estimated cost (INR Cr)**
APIIC developed – Phase I (Foundation)	13	20.30	59.90	55.99
APIIC developed – Phase II	31	23.60	118.50	77.23
Private developed	33	73.10	210.50	202.08
Grand Total	**77**	**117.00**	**388.50**	**335.29**

6. APIIC has submitted that the cost of external infrastructure development be taken up by respective line departments, by meeting the costs from the respective department budgets or by tapping in government of India schemes, wherever applicable. The details given are indicative and only for 77 parks and for the remaining parks, once the lands are finalized, the additional requirement of external infrastructure will be worked out (additional 200 cr may be required). Thus, the total requirement for the external infrastructure is about Rs.550 – 600 Crores, over a period of next three FYs. This requirement may be met by the existing schemes of the Departments such as Panchayati Raj and Rural Water Supply Scheme, Energy Department, etc or under the Budgetary support from the State Government such as SASCI.

7. Similarly, for the 100 projects, the estimated project cost for the internal infrastructure is arrived at INR 1,044.27 Cr. After factoring-in the GoI assistance of INR 567.88 Cr from eligible schemes such as MSE-CDP or other schemes, there is a financial need of INR 476.40 Cr to be supported by the state government for completion of the projects.

8. In this regard, the VC&MD has submitted the proposal for provision of budgetary support for three FYs 25-26 to 27 – 28 to the implementation agencies such as APIIC, AP MSME Development Corporation, etc for internal infrastructure of the MSME Parks and provision of budgetary assistance to the Departments viz, Energy, Panchayat Raj and Rural Water Supply Department, APIIC, etc for external infrastructure to all these 175 MSME Parks and FFCS under the scheme (including those developed under PPP Parks Policy) and expeditious approval of the Revenue Department, based on the proposals of the District Collectors, for alienation of the lands to the APIIC or AP MSME Development Corporation, as applicable, under GO MS No.571 of the Revenue Department, for the feasible lands identified for the MSME Parks and FFCs under the scheme in 175 Assembly Constituencies.

9. Government, after careful examination of the matter, hereby approve the Scheme for Development of 175 MSME Industrial Parks in the State (One MSME Park in every Assembly Constituency) under One Family One Entrepreneur initiative of GoAP, duly leveraging the provisions of MSE-CDP of Ministry of MSME and other eligible schemes of GoI for the internal infrastructure and common facilities of the MSME Parks and Flatted Factory Complexes (FFCs) and eligible GoI schemes for the external infrastructure such as Roads, Drains, Water, Power (33/11 KV Substation with lines), etc, duly providing

a) Budgetary support for three FYs 25 - 26 to 27 – 28 to the implementation agencies such as APIIC, AP MSME Development Corporation, etc for internal infrastructure of the MSME Parks and FFCs as explained at Para- 5, 6 & 7 above and

b) Budgetary support under eligible scheme to the Departments viz, Energy, Panchayat Raj and Rural Water Supply Department, APIIC, etc for external infrastructure to all these 175 MSME Parks and FFCS under the scheme (including those developed under PPP Parks Policy), as explained at Para-5, 6 & 7 above.

10. Further, the Revenue Department is instructed to expeditiously process for alienation of the lands to the APIIC or AP MSME Development Corporation, as applicable, under GO MS No.571 of the Revenue Department, for the feasible lands identified for the MSME Parks and FFCs under the scheme in 175 Assembly Constituencies, as explained at Para-5, 6 & 7 above, based on the proposals of the District Collectors.

11. The VC&MD, APIIC, the Director of Industries, AP, the CEO, AP-MSME-DC and the District Collectors shall take necessary action accordingly, in the matter.

12. This orders issues with the concurrence of the Finance (FMU. I&I, Energy,I&C) Department vide U.O.No.FIN01-FMU0ASD(IC)/9/2025 (Computer No. 2850608), dt.03.06.2025.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
